

Digital Development Club

Chattanooga State Community College

Code of Conduct

#	General Club Rules
1.)	You must be either a Chattanooga State student, faculty, or an alumni - or a professional in the tech industry to be a member of the club. Please do not invite just anybody into the club unless they match any of this criteria.
2.)	Hate speech or any form of racist, sexist, xenophobic, homophobic, transphobic, or ableist behavior will not be tolerated in club meeting spaces.
3.)	Harassment of any kind, intimidation, or threats to other club members either online or in-person is also not tolerated.
4.)	Be respectful, inclusive, and considerate to all members regardless of skill level.
5.)	Support everyone in learning and growth.
6.)	Be mindful of your words and actions.
7.)	Do not do anything that violates Chattanooga State's Student Conduct policies, or local, state, or federal law.
8.)	Promptly report any violation of our code of conduct to a club officer.
9.)	Please don't plagiarise any projects that our members work on or any other coding projects.
11.)	Don't post information online that you don't want anyone else to know.

Digital Development Club

Chattanooga State Community College

#	<i>Discord-Specific Rules</i>
1.)	While in the Discord server, be sure to follow the Discord Terms of Service
2.)	Keep topics in each channel relevant to the channels and topics.
3.)	Keep the spam out. We're not a diner and don't serve spam, spam, spam, baked beans, eggs and spam.
#	<i>Meeting Rules</i>
1.)	Do not hack, scan, probe, or otherwise target Chattanooga State or any host venues where we hold club meetings or outside meet-ups.
2.)	Do not use hacking tools, radio devices, or hardware against equipment at Chattanooga State or any other host venue where we may hold meetings or outside meet-ups at.
3.)	Demonstrations, experiments and tool usage must be confined to your own equipment or explicitly sanctioned lab environments. "For the lulz" is not a valid excuse.
4.)	Respect the trust that Chattanooga State or other venues place in us. Violating their spaces jeopardises the Digital Development Club's ability to meet and maybe jeopardise our club's existence in general. It also reflects poorly on the entire community.
5.)	Please do not plagiarise presentations or projects during the meetings. Make sure it's your own work.
6.)	Respect those who present or speak at our meetings.
7.)	Please don't be disruptive during meetings.
8.)	Promptly report any violation of our code of conduct to a club officer.

9.)	Please don't plagiarise any projects that our members work on or any other coding projects.
11.)	Don't post information online that you don't want anyone else to know.
12.)	Keep the spam out. We're not a diner and don't serve spam, spam, spam, baked beans, eggs and spam.

Violation of the code of conduct will result in repercussions. Minor violations may result in warnings via a three-strike system. Severe violations may result in immediate removal from club meetings, the server, a suspension or ban from the club, and if applicable, a possible report to Chattanooga State campus police, student conduct, or other law enforcement agencies. Club officers reserve the right to take action necessary to protect the club members, Chattanooga State, other venues, and our reputation.

If you experience or witness behaviour that violates the code of conduct, please report it to a club officer immediately. Reports will be investigated and handled with discretion.
